A NAILS.Glow Research Center Product

The only nails spa in the Philippines
carrying its own brand of organic gel polish
called SaNDGel

Humble Beginnings

NAILS.Glow humbly began on August 29, 2009 at Brgy. Pag-asa QC, offering basic nail care, hand & foot services. According to Owner/Franchisor Mrs. A.J. Opena, when she was in a corporate world, going to the spa and having her nails done were routine services she availed of. She noted however that the costs of quality nail and body care services caused a huge dent on one's budget. So the idea popped out-why not put up premium services at an "affordable" rates? That was how NAILS.Glow came into existence. In less than a year, they opened a branch in Tandang Sora QC where the services included body massage & treatments, facial care, waxing and eyelash extension. Mrs. Opena shared that their nail spa's popularity among it's customers can be attributed not only to the fact that they are priced reasonably but with the quality of service and comfortable/relaxing ambiance.

Your Ultimate Self-care Partner

NDG believes on the benefits of focusing on self-awareness and love— of tuning into your body and taking the time to nourish and pamper it properly.

Research suggests that the more we practice SELF-CARE, the more confident, creative, and productive we are. We also make better decisions, build stronger relationships, and communicate more effectively. Sounds like a pretty good path to a better you, doesn't it?

NDG Cares

For Its Customers

As a spa that continues to expand and grow and aspiring to be a one-stop full service pampering salon, NDG is now offering its customers not only luxurious treatments and services for the hands and feet but also for the whole body and face, as well! Striving to make their services affordable to the masses without compromising the luxurious comfort that their guests had come to love, NDG's best selling services include their hand and foot spa services which cost only P150, as well as their Swedish massage, Waxing and Eyelash Extension, which has a starting price of P150.

For Its Employees

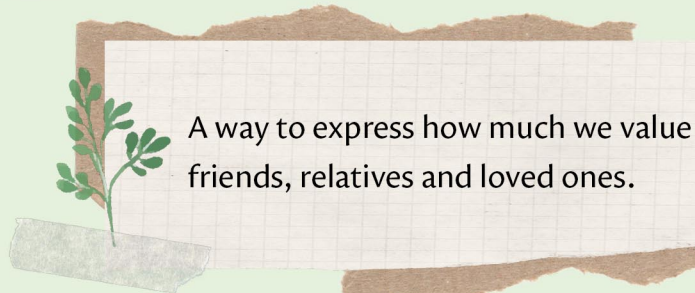

NDG is an association that cares not only for its customers but for its employees and the environment, too! Currently, NDG has its own training center for teaching various spa services to its employees. According to Ms. Opeña, one of her most popular manicurists can get up to P800 a day in tips alone. NDG employees also benefit from the free annual flu vaccines they get from the company.

For the Environment

Meanwhile, as part of the popular nail spa's corporate social responsibility (CSR), NDG has established tree planting activity initiatives that aim to care for the environment. Part of the sales revenue they get for the supplies they sell to franchisees will now fund this initiative. NDG also supports the environment by using eco-friendly and vegan nail polish.

Get rewards by being a loyal customer! Earn a G-Card when you avail P500 worth of services from NDG and get stamps with each visit. Completed stamps may be exchanged for exciting freebies!
